KÖYÜN KENDİSİ KÖY SK. NO: 166 SARAYCIK KÖYÜ/ MERKEZ/ ÇANAKKALE

The Manufacturer hereby certifies that the said products are subject to (EC) No. on Registration, Evaluation, Authorization and Restriction of Chemicals. Declares that it is in compliance with the Regulation (REACH) 1907/2006 and its amendments up to (EU) 2016/26, (EU) 2017/227, (EU)2018/35. Substances over 1000 and 100 tonnes per year were recorded on 1 December 2010 and 1 June 2013, respectively. Products that are mixtures do not need to be registered, but substances contained in the mixture may need to be registered, except for substances exempted under REACH according to Annex V, Article 2 (2) (7) b. Minerals such as natural calcium carbonate, talc, dolomite and clay are exempt unless they have been chemically altered in accordance with Article 7 of this Annex.

The REACH registration number is proof of completion of REACH registration. This does not mean that all substances will have a REACH registration number. The registration number must be communicated in the Safety Data Sheet (SDS) provided in accordance with the requirements of Regulation (EU) 2015/830, where applicable. There is no legal need to provide the registration number separately. Additionally, Chapter 15 indicates whether the substance or mixture covered by the SDS is subject to special provisions (e.g. restrictions according to Annex XIV).

ÇANAKKALE would like to inform you that the above-mentioned products purchased from ÇANAKKALE in the last two years do not contain substances included in Annex XVII, as defined in the SVHC candidate list subject to authorization of ECHA (10 June 2022). If necessary, changes will be reported in the relevant Safety Data Sheet (SDS), which is the standard communication to be communicated (https://echa.europa.eu/chem_data/candidate_list_table_en.asp&Candidate List of substances of very high concern for authorization - ECHA (europa.eu)
